About Us

"Shel construction was made to contribute to the construction industry through planning, designing, surveying, constructing, managing, maintaining and replacing public and private infrastructure."

WHAT WE DO!!

1. General construction of houses, hospitals, offices, parks etc

2. Manage ,repair, maintenance, and replacement of public and private infrastructure

3. Perform or oversee surveying operations to establish building locations, site layouts, reference points, grades, and elevations to guide construction

4.plan and design transportation systems, hydraulic systems, and structures in line with industry and government standards
